SELECT THE PLAN THAT BEST SUITS YOUR PET'S NEEDS.

*** Convenient Payment Options Available ***

Parkway Animal Hospital's Preventive Care Health Plans offer:

- All plans **include medical concern exams** by one of our staff veterinarians during regular business hours.
(quantity of included medical concern exams varies by plan.)
Payment options include pre-pay or convenient 0/30/60 day equal payments with cash, check, or pre-authorized debit/credit card

... consider pet health insurance.

Our Preventive Care Plans include a 30 day free trial* of *Trupanion* Pet Insurance. Following a preventive care examination, *Trupanion* insures against injury or illness for up to the life of your pet. Although there are several pet insurance plans available, *Trupanion* is the only insurer to offer a free trial. But, **you must activate the free trial within 24 hours** of the free trial offer following your office visit.

We urge you to do the policy comparisons and to make the right choice for you and your pet. But, rest assured, your pet can be insured via our 30 day free trial offer while you do the research. * *pet must be under 14 years of age at the date of application*

Affordable Care: We understand how it feels to worry about your pet's health care & how to pay for it. When you pair pet health insurance with Parkway Animal Hospital's Preventive Care Plans and elect one of our wallet-friendly payment plans, your pet is covered without your pocketbook taking a major hit all at once

Selecting the Plan for Your Pet

The **Puppy/Kitten Care Plan** addresses the first critical year of development.

The **Basic Care Plan** is for healthy junior pets up to age 4 and has an annual exam focus, although services may be split over 2-3 office visits. **Healthy midlife pets over 5 years old should be on the Care Plus Plan, and seniors over 7 should be on the Premium Care Plan.**

The **Care Plus Plan** is for healthy midlife pets up to age 7 and sick juniors. **Semi-annual examinations provide the best opportunity to detect disease before it affects internal organs and reduces your pet's potential lifespan.**

The **Premium/Senior Care Plan** is for senior pets over 7 years old and sick midlife pets. This plan includes additional diagnostics consistent with older or sick pets and 2 medical concern exams.

Note: Some breeds may benefit from these diagnostics at an earlier age. We can help you determine the best preventive care for your pet.

NEW FOR 2018

The 1st year plan and basic plan for canines now include 2 bordetella vaccines. All canine influenza vaccines now protect from the H3N8 and H3N2 variants of the disease.

Savings Hint: Avoid re-running blood chemistries by scheduling dentistry or surgery within 30 days of the blood chemistry in your preventive care plan!

The Fine Print: All products and prescriptions are outside the plan. The Kitten and Puppy Plan is valid for services delivered up to age 11 months. You will be reminded prior to plan expiration. Please call to **renew your plan before your next visit. You may cancel the plan at any time with 30 days written notice. Changing plans is only available at the annual renewal with advanced written notice. Upon cancelation, if services have been provided, they will be billed at current rates and are immediately payable. Any excess collections, if any, will be refunded.**
